INTERNAL AFFAIRS BUREAU INVESTIGATIVE SUMMARY DEPUTY INVOLVED SHOOTING: HIT

CASE NUMBER: SH2334307
URN: 013-06897-1432-013
SUBJECT: Cesar Mendoza M/H 02-11-1989
STATION/UNIT/BUREAU: Industry Station/East Patrol Division
DATE/TIME/DAY: June 22, 2013, 2147 hours, Saturday
LOCATION:  Loukelton Street, La Puente, CA 91744

SYNOPSIS:

On June 22, 2013, at 2147 hours, Deputies Chad Sessman and Jerry Tien assigned to Industry Station were driving south on Del Valle Street in La Puente, when they saw a grey 2009 Nissan Altima driving west on Loukelton Street, fail to stop at a stop sign located on Loukelton Street and Del Valle Street. Deputy Tien was driving and Deputy Sessman was in the front passenger's seat. Both deputies were in a class "B" uniform and were wearing vests. They were in a marked black and white crown Victoria, (SD6185).

Deputy Sessman and Tien conducted a traffic stop of the vehicle westbound on Loukelton Street. Before the vehicle came to a complete stop, the Suspect, (Cesar Mendoza), exited the vehicle and ran west on Loukelton Street along the north sidewalk. Sessman chased after Suspect Mendoza as Tien detained the other two occupants in the vehicle. A copy of the foot pursuit evaluation is included in the IAB case book as **Exhibit B**.

As Suspect Mendoza was running west, he tripped and fell on a small area of grass. When Suspect Mendoza attempted to get to his feet from a seated position facing east, Sessman saw Suspect Mendoza reaching for a silver handgun in his waistband. Fearing for his safety, Sessman fired two to three rounds at Suspect Mendoza, missing him. Suspect Mendoza stood up and continued running west on the sidewalk while reaching for his waistband.

INTERNAL AFFAIRS BUREAU INVESTIGATIVE SUMMARY DEPUTY INVOLVED SHOOTING: HIT

As Sessman took cover behind a brick post, he saw Suspect Mendoza turning in his direction and reaching for the handgun in his waistband.

Fearing for his safety, Sessman fired two to three rounds at Suspect Mendoza, striking him. After being struck, Suspect Mendoza ran a short distance and collapsed. Deputy Sessman handcuffed Suspect Mendoza and initiated a broadcast of a "Deputy involved in a shooting," and requested paramedics for Suspect Mendoza.

Suspect Mendoza sustained multiple gunshot wounds to the upper torso. He was transported to Los Angeles County/USC Medical Center where he was pronounced dead.

Suspect Mendoza's handgun, a loaded 9mm "Smith & Wesson" semiautomatic pistol, was recovered at the scene. No record of the weapon in AFS. A Copy of the AFS printout is included in the IAB case book in **Miscellaneous Documents**.

Five expended .45 caliber shell casings were recovered at the scene.

Internal Affairs Bureau Lieutenant Todd Weber, along with Sergeants Jeff Hamil and Slade Carrizosa, responded to the location to conduct an administrative review of the incident. The review is based on written documentation and interviews of witnesses and involved employees

As the vehicle passed by them driving westbound on Loukelton Street, he saw the vehicle was driven by a male black approximately sixty years old (Witness [REDACTED]). He could see the front seat passenger was a male Hispanic approximately twenty years old (Suspect Mendoza). Suspect Mendoza had a blue baseball cap on covering his shaved head.

Suspect Mendoza was leaned all the way back in the seat and as the vehicle passed, it appeared Suspect Mendoza was attempting to hide. Deputy Sessman said the area is a "Puente 13" gang area, known for the "Ballista" set.

They initiated a traffic stop on the vehicle, and illuminated the vehicle with the spotlights. As they illuminated the vehicle, they saw a third occupant inside the vehicle (Witness [REDACTED]) seated in the rear seat. As the vehicle slowly stops, Sessman saw the front passenger's door open and advised Tien that Suspect Mendoza might attempt to run. Sessman exited the vehicle and attempted to get to the Suspects' vehicle before Suspect Mendoza had a chance to run. As Sessman closed the distance, Suspect Mendoza got out of the vehicle and ran westbound on the sidewalk of Loukelton Street. Sessman ran after him, passing the suspect's vehicle.

Deputy Sessman said he knew Tien was not running with him, because they had discussed prior to the stop, that the driving deputy would stay with the suspects' vehicle and the deputy "following" the running suspect would evaluate the situation.

Deputy Sessman said Suspect Mendoza was "Sprinting" and he could see that his hands were empty. Sessman ran after Suspect Mendoza, trying to close the distance and catch Suspect Mendoza. Sessman said after two or three "Paces" Suspect Mendoza stumbled and fell onto the concrete sidewalk. He was approximately 15-20 feet behind Suspect Mendoza when he fell.

Sessman said he felt the situation was over when Suspect Mendoza fell, and he got within five feet. Sessman said Suspect Mendoza was seated with his legs out in front of him and was now facing in his direction. Sessman said when Suspect Mendoza started running he could see both of his hands were clearly empty. Now with Suspect Mendoza facing him after his fall he could see Suspect Mendoza reaching with both hands towards his waistband.

INTERNAL AFFAIRS BUREAU INVESTIGATIVE SUMMARY DEPUTY INVOLVED SHOOTING: HIT

Sessman said he could see Suspect Mendoza pulling on a stainless steel object with his right hand and thought the object was a gun. Sessman immediately thought Suspect Mendoza was attempting to retrieve the gun to kill him.

Deputy Sessman said he drew his weapon and from a distance of approximately five feet, he fired two to three rounds at Suspect Mendoza. Sessman said he must have missed Suspect Mendoza because he immediately jumped up and started to run westbound. Sessman said he was standing in the middle of a driveway, and knew Suspect Mendoza was armed. He moved to his right and took cover behind a brick pillar for protection and to re-evaluate the situation. Sessman saw Suspect Mendoza reach for his waistband and make a pulling motion.

Deputy Sessman said Suspect Mendoza stopped running and turned to where he (Sessman) had been standing before he sought cover. He could see Suspect Mendoza looking for him and thought Mendoza was going to re-engage him with his weapon or engage his partner who was still by the car. Sessman ordered Suspect Mendoza to show his hands and the Suspect turned towards him. Fearing for his safety, Sessman fired another two to three rounds at Suspect Mendoza. Sessman said he saw Suspect Mendoza reacted this time and knew he had shot him. Sessman said Suspect Mendoza staggered westbound another five feet and fell onto his stomach with both of his hands underneath him. Deputy Sessman said the Suspect now knew where he was and based on the Suspect's hands underneath him and the Suspect still being armed, he decided to close the distance and handcuff the Suspect.

Deputy Sessman verbally communicated with his partner, checking on his status and asked if he was ok. Deputy Sessman got on the radio and broadcast he had been in a shooting and, also requested Fire Department for the Suspect.

He estimated the distance he ran and the distance between he and Deputy Tien to be approximately twenty feet. Deputy Sessman estimated the time he chased Suspect Mendoza before the suspect tripped and fell to be approximately two to three seconds. Deputy Sessman said he estimated the time after Suspect Mendoza tripped to after the second series of shots that were fired, was four to five seconds. Deputy Sessman said he was not in foot pursuit, nor was there a partner splitting issue, because of the short distance and that he had an unobstructed view of his partner.

INTERNAL AFFAIRS BUREAU INVESTIGATIVE SUMMARY DEPUTY INVOLVED SHOOTING: HIT

Deputy Sessman stated while Suspect Mendoza was in a seated position and his shots would have been at a downward angle during the first series of shots. Suspect Mendoza was standing upright and turning to the left, in his direction, during the second series of shots. The shots should have been at straight level angle.

Deputy Sessman stated his backdrop was a deserted residential street. He observed no pedestrian traffic during the shooting.

IAB Note: Deputy Sessman was shown multiple photographs of the crime scene during his interview. The Photographs will be included in the IAB case book as **Exhibit E**.

Deputy Tien

On June 23, 2013 at 0210 hours, Deputy Jerry Tien [REDACTED] was interviewed (audio-taped) by Homicide Bureau Sergeant Grey and Detective Morris at Industry Sheriff's Station. Sergeant Hamil from IAB was present for the Homicide interview. The interview is summarized and included in **Exhibit A, page 43**. See attached transcripts.

On December 19, 2014, at 1019 hours, Deputy Tien was interviewed by IAB Sergeants Hamil and Morris. He was represented by Attorney Amanda Waters from the law firm of Green and Shinee. The following is a summary of his interview. See the attached verbatim transcripts.

Deputy Tien said he was driving the marked black and white patrol vehicle. He was dressed in a class "B" uniform and had the same equipment as Deputy Sessman. He and Sessman had been partners for approximately two months. He has never been involved in a foot pursuit, but he and Sessman had discussed the tactics they would employ if one occurred. Deputy Tien said the driver would stay with the suspect vehicle and the passenger would follow the suspect. On the night of the shooting, he was the driver and stayed with the suspect vehicle, and he detained the two other persons in the vehicle.

Deputy Tien saw Suspect Mendoza run from the vehicle, and Deputy Sessman follow. He said they ran out of his view because he was facing towards the two people in the vehicle. He heard commands by Deputy Sessman but could not remember them.

INTERNAL AFFAIRS BUREAU

INVESTIGATIVE SUMMARY

DEPUTY INVOLVED SHOOTING: HIT

Deputy Tien estimated the entire incident occurred within ten seconds from the initial traffic stop. He stated Deputy Sessman was only out of his view for approximately two to three seconds before he heard the shots. He stated he did not know who had shot.

IAB Note: Deputy Tien stated in his Homicide interview, he saw the Suspect run from the vehicle, trip and fall. During his IAB interview he stated he lost sight of the Suspect and Deputy Sessman after a short distance. He marked on the crime scene sketch and photographs where he remembered the last time he saw them running. Eighteen months had elapsed between the interviews.

Deputy Tien said he did not get on the radio at all during the incident to notify of the foot pursuit or shots fired because the incident was so rapid and Deputy Sessman was in close proximity to him. Deputy Tien did not know who was shooting but could hear Deputy Sessman giving commands, so he figured Sessman was ok. Deputy Tien said Deputy Sessman asked him if he was ok, and Sessman advised he would get on the radio and make the notifications. Deputy Tien detained the two people in the car until assisting units arrived.

IAB Note: Deputy Tien was shown multiple photographs of the crime scene during his interview. The Photographs will be included in the IAB case book as **Exhibit D**.

CIVILLIAN WITNESSES:

The audio recordings of the witness interviews provided by homicide investigators were sent to the transcription service. The audio interviews were covered by ambient noise from the surroundings and were low in volume. The transcription service advised some of the interviews were less than ten percent audible. They transcribed what they could hear and those transcripts were included in the IAB case book. The witness statements are based from the homicide summaries, **Exhibit A**.

RE: J.S.I.D. File #13-0457
L.A.S.D. File #013-06897-1432-013

Dear Captain Harris:

The Justice System Integrity Division of the Los Angeles County District Attorney's Office has completed its review of the June 22, 2013, fatal shooting of Cesar Mendoza, by Los Angeles County Sheriff's Department (LASD) Deputy Chad Sessman. We have determined that Deputy Sessman acted lawfully in self-defense.

The District Attorney Command Center was notified of this shooting at 10:30 p.m., on June 22, 2013. The District Attorney Response Team (DART), consisting of Assistant Head Deputy District Attorney Shannon Presby and District Attorney Senior Investigator Armando Alvarado responded to the scene. They were given a briefing of the circumstances surrounding the incident and a "walk-through" of the shooting scene.

The following analysis is based upon investigative reports, analyzed evidence reports and witness statements taken during the investigation by the LASD and submitted to this office by Sergeant Robert Grey and Detective Daniel Morris, LASD Homicide Bureau. No compelled statements were considered for purposes of this analysis.

FACTUAL ANALYSIS

On June 22, 2013, Deputy Sessman and his partner Deputy Jerry Tien were working a crime suppression detail in the City of La Puente. The deputies were riding in a marked LASD patrol car and both deputies were dressed in full police uniforms. Tien was the driver and Sessman was the front passenger.

At approximately 9:45 p.m., Sessman and Tien observed a grey Nissan Altima traveling west on Loukelton Street. As the Altima passed in front of the patrol car, Sessman illuminated the

vehicle with a spotlight. Sessman observed three males inside the Altima. The right front passenger of the Altima was slouched low in the seat and wearing a blue baseball cap. When the Altima failed to stop at the stop sign at the intersection of Loukelton Street and Del Valle Avenue, Tien conducted a traffic stop.

Before the Altima came to a complete stop, the right front passenger, Cesar Mendoza, exited the vehicle and began running west on the north sidewalk of Loukelton Street. Sessman exited the passenger side of the patrol car and pursued Mendoza on foot. The other two occupants of the Altima remained inside the vehicle.

As Mendoza ran from Sessman, he tripped and fell to the ground landing on his buttocks facing Sessman. Sessman saw that Mendoza had a chrome handgun in his waistband. Mendoza looked directly at Sessman, reached for his waistband and grabbed the handgun with both hands. Believing that Mendoza was preparing to draw the firearm and shoot him, Sessman drew his service weapon and fired at Mendoza.

Mendoza jumped to his feet and continued to run west on the north sidewalk of Loukelton Street. As Mendoza ran, he kept his arms in front of him near his waist. Mendoza was moving his hands near his waist and periodically looking over his left shoulder toward Sessman. Sessman moved to a position behind a concrete fence post and fired a second salvo at Mendoza.

Mendoza straightened up, staggered a few feet west and fell to the ground with his hands under his body. Sessman moved toward Mendoza, pulled his hands from under his body, handcuffed him and requested medical assistance.

During Sessman's pursuit of Mendoza, Tien remained near the Altima insuring that the remaining two occupants stayed inside the vehicle. He heard Sessman yelling commands at Mendoza as Mendoza fled, but could not remember what Sessman said. Tien heard gunshots, but because his view of Sessman and Mendoza was blocked by a vehicle, he did not know if Sessman or Mendoza was shooting.

██████████ the driver of the Altima, told Sheriff's investigators that he agreed to give "Alvin" (Cesar Mendoza) a ride to San Dimas prior to the shooting. ██████████ picked up Mendoza who sat in the front passenger's seat and subsequently picked up Mendoza's ██████████ who sat in the rear of the Altima.

As ██████████ drove west on Loukelton Street, his vehicle passed in front of a police car. When the police car illuminated his vehicle with a spotlight, Mendoza became very nervous. The police car followed ██████████ and activated its emergency lights. Mendoza told ██████████ to pull over. As ██████████ was pulling to the curb, Mendoza exited the Altima and began running west on Loukelton Street. Shortly thereafter, ██████████ heard gunshots but did not know who was shooting. ██████████ did not see the shooting.

██████████ was the rear passenger in the Altima ██████████ told Sheriff's investigators he was a member of Mendoza and had ██████████ ██████████ stated that while he had not been formally "jumped in" the Puente-13 gang, he was a member of Puro Puente gang. ██████████ also stated that Mendoza was a "Duff" Street Puente-13 gang member. ██████████ told investigators that Mendoza routinely carried a firearm.

Before ██████████ entered the Altima, Mendoza called him and told him to wait outside to be picked up. Mendoza also told ██████████ that he was going to pick up drugs from a person in Ontario. When ██████████ entered the Altima, he sat in the back seat behind Mendoza.

Shortly after ██████████ entered the car, Mendoza saw a police car and became extremely nervous. At that point, Mendoza patted his waistband and told ██████████ and ██████████ that, "I got this on me, I need to run." At that point, ██████████ realized Mendoza was in possession of a firearm.

When ██████████ pulled over, Mendoza exited the car and ran west on the sidewalk. One deputy pursued Mendoza while a second deputy remained near the Altima. ██████████ heard one or two gunshots which caused him to look in the direction that Mendoza had run. ██████████ saw a deputy shooting at Mendoza and saw Mendoza fall on his stomach in front of a parked car.

After the shooting, Los Angeles County Fire Department personnel responded to the scene, treated Mendoza and transported him to County USC Medical Center. Mendoza did not survive his injuries.

On June 30, 2013, Deputy Medical Examiner Cho Lwin, M.D. conducted an autopsy on Mendoza remains. The cause of death was multiple gunshot wounds.

A loaded .9mm Smith and Wesson firearm was found in a holster attached to Mendoza's clothing. A second magazine loaded with eight rounds was also found in Mendoza's clothing.

Sessman's duty weapon was an HK .45 caliber semiautomatic pistol. Based on the expended cartridge casings collected at the scene, Sessman fired five times during this incident.

LEGAL ANALYSIS

California law permits the use of deadly force in self-defense, if it reasonably appears that the person claiming the right of self-defense actually and reasonably believed that he was in imminent danger of great bodily injury or death. *See*, Penal Code § 197; People v. Randle (2005) 35 Cal.4th 987, 994 (overruled on another ground in People v. Chun (2009) 45 Cal.4th 1172, 1201); People v. Humphrey (1996) 13 Cal.4th 1073, 1082.

In protecting himself a person may use all force which he believes reasonably necessary and which would appear to a reasonable person, in the same or similar circumstances, to be necessary to prevent imminent injury. CALCRIM No. 505.

"Where the peril is swift and imminent and the necessity for action immediate, the law does not weigh in too nice scales the conduct of the assailed and say he shall not be justified in killing because he might have resorted to other means to secure his safety." People v. Collins (1961) 89 Cal.App.2d 575, 589.

"The 'reasonableness' of a particular use of force must be judged from the perspective of a reasonable officer on the scene, rather than the 20/20 vision of hindsight... The calculus of reasonableness must embody allowance for the fact that police officers are often forced to make split-second judgments—in circumstances that are tense, uncertain, and rapidly evolving—about the amount of force that is necessary in a particular situation." Graham v. Conner (1989) 490 U.S. 386, 396-397.

CONCLUSION

The evidence examined shows that Cesar Mendoza was in possession of a loaded firearm and an additional magazine containing live ammunition. He was apparently on his way to purchase illegal drugs when the car he was riding in was intercepted by Deputies Sessman and Tien. When Sessman illuminated the vehicle, Mendoza became nervous and advised the other occupants of the vehicle that he was armed and intended to flee from the police. Before the vehicle came to a stop, Mendoza exited and began running from the police. When Mendoza stumbled and fell, Sessman observed Mendoza reach for the firearm. Sessman honestly and reasonably believed that Mendoza was going to draw the firearm and shoot him. To prevent this deadly threat, Sessman discharged his service weapon at Mendoza. Mendoza regained his feet and moved away from Sessman. Sessman believed that Mendoza was attempting to draw his firearm from its holster and scanning over his shoulder for Sessman. Believing that Mendoza was preparing to shoot him, Sessman fired his weapon again to end what he perceived to be a deadly threat.

We conclude that LASD Deputy Chad Sessman acted lawfully in self-defense. We are closing our file and will take no further action in this matter.

Very truly yours,

SUBJECT: **WRITTEN REPRIMAND**

On or about June 22, 2013, while on duty and assigned to Industry Station, you failed to conform to the standards established for your position as a patrol deputy when you failed to employ sound tactical principles during a tactical dilemma. You admitted that prior to the June 22, 2013 incident, you and your partner reached an agreement that if a suspect/passenger ever ran from a vehicle, the driver deputy would hold the remaining occupants of the vehicle at gunpoint while the "bookman" would follow the running suspect a short distance. On June 22, 2013, during a vehicle stop, you held two occupants of the vehicle at gunpoint while you partner split from you and engaged in a foot pursuit that resulted in him shooting the suspect, who was armed.

Your actions violated the following sections of the Manual of Policy and Procedures:

Dear Deputy Sessman:

You are hereby notified that it is the intention of the Sheriff's Department to suspend you without pay from your position of Deputy Sheriff, Item No. 2708A, with this Department for a period of ten (10) days.

 - a. placing himself at a tactical disadvantage by splitting from his partner and engaging in a solo deputy foot pursuit of the suspect; and/or,
 - b. knowing the suspect to be in possession of a handgun, Subject Sessman failed to employ sound tactics when he closed the distance, approached the downed suspect whose hands were out of view, and apprehended the suspect without waiting for additional and/or resources to arrive.

18 **BACKGROUND**

19 On September 14, 2015, Appellant was suspended for ten (10) calendar days without
20 pay from the position of Deputy Sheriff, Item No.2708A. The period of suspension was
21 effective on Monday, September 14, 2015, and continued through, and included Wednesday,
22 September 23, 2015.

23 The Department argued that investigative findings chronicled the Appellant's
24 misconduct, thereby resulting in the ultimate decision to suspend based upon his violation of
25

1 various policies that triggered the application of the Sheriff's Department Manual of Policy,
2 Procedures, and Ethics Section(s):

- 3 • Section(s) 3-01/050.10
4 Performance to Standards and/or
5 Section(s) 3-01/030.10 Obedience to Laws, Regulations and Orders (as it pertains
6 to 3-10/150.00)
- 7 • Tactical Incidents and/or 5-09/220.50, Regulations and Orders pertaining to Foot
8 Pursuits

9 On or about June 22, 2013 while on duty, Appellant Sessman failed to conform to the
10 work standards established for his position as a patrol deputy when he failed to employ sound
11 tactical principals during a traffic stop and apprehension of an armed suspect, as evidence by,
12 but not limited to the following:

- 13 a. Placing himself at a tactical disadvantage by splitting from his partner and
engaging in a solo deputy foot pursuit of the suspect; and/or,
- 14 b. knowing the suspect to be in possession of a handgun, Appellant Sessman failed to
15 employ sound tactics when he closed the distance, approached the downed suspect
16 whose hands were out of view, and apprehended the suspect without waiting for
additional and/or resources to arrive.

17 18 19 **Department's Position**

20 The Department representative argued the charges against the Appellant are true;
21 supported by documentary evidence; audio recordings, and witness testimony that the
22 discipline is appropriate. The discipline is appropriate due to Appellant's failure to follow
23 department rules, and his failure to exercise sound judgment. Considering testimonial and
24 documentary evidence regarding the incident, Department policies, Appellant's conduct, and
25 Appellant's discipline history, the Appellant's 10-day suspension did not constitute an abuse

1 of discretion. The suspension underscores legitimate safety concerns prompted by the
2 Appellant's conduct and to discourage him from engaging in like conduct in the future.

3 **Appellant's Position**

4 In outlining his affirmative defense, Appellant denied the Department's allegation
5 summarized his position as follows:

6 The Appellant testified that the type of plan that occurred on June 22, 2013 was
7 consistent with his training and experience at Compton Station, OSS, and GET. Appellant
8 testified that this plan was one that he had utilized with many other partners in the past and
9 knew of deputies to utilize this plan as well. From the Appellant's position, he felt that the
10 Department should revise the Foot Pursuit Policy to clarify the limitations pertaining to a
11 One-Person Foot Pursuit in instances where one deputy is on foot and the assisting deputy is
12 in the vehicle. In the instance that Appellant Sessman was involved in, there was no guidance
13 as to whether classify this as a One-Person or Multiple Deputy Foot Pursuit. On the issue of
14 "Partner Splitting", Appellant Sessman claims he did not engage in "Partner Splitting"
15 because his partner was within eyesight and the distance separating them was not significant.
16

17 As remedy, Appellant respectfully requests his appeal on the 10-day suspension be
18 overturned and that he be made whole in wages and benefits, and his record be cleared of all
19 references to the 10-day suspension and whatever further relief is deemed appropriate. To
20 the extent that these allegations were proven, the Appellant recommends that the discipline
21 be reduced to a Written Reprimand.

TESTIMONY OF CHAD SESSMAN

1 Chad Sessman, (Sessman) Appellant has been with the Sheriff's Department for 17 years.
2 Was partnered with Deputy Tien for 2 months at the time of the shooting. Deputy Tien [REDACTED]
3 [REDACTED] Deputy Tien was driving the patrol vehicle and would
4 conduct the interview and Appellant Sessman would provide security once a vehicle was
5 stopped. On June 22, 2013 at 9:47 p.m. a grey vehicle failed to make a complete stop, so
6 Deputy Tien and Appellant Sessman made a traffic stop on the vehicle due to the driver
7 committed a moving violation and the behavior and movements of the right front passenger.
8 Appellant Sessman opens his passenger door to get ready to bolt out. The front passenger
9 door opens. Appellant Sessman believes that the passenger might flee. The passenger bails
10 out and runs from the vehicle. Appellant Sessman has had prior incidents where an occupant
11 would either walk away or run from a car. Has witnessed other individuals discarding
12 evidence, drugs, paraphernalia. Appellant Sessman testified that this plan was only used as a
13 guideline. Appellant Sessman's initial intentions were to just watch the suspect. Appellant
14 Sessman did not believe there was a physical barrier between him and his partner. The
15 suspect stumbled on the pavement, tripped and fell and went head over heels and landed
16 sitting facing Appellant Sessman who sees the fleeing suspect's right hand pulling a stainless-
17 steel weapon out of his waistband. Appellant Sessman fired 2-3 rounds at the suspect in an
18 attempt to subdue the suspect. The suspect jumped up and started running again. With no
19 cover, Appellant Sessman noticed a 2 x 2 brick pillar next to a house and goes there to seek
20 cover. The suspect has stopped, attempting to grab his weapon and Appellant Sessman fires
21 2-3 rounds at the suspect. The suspect walks or staggers for another 5-10 feet, falls with his
22 hands underneath his body. Appellant Sessman closed the distance, put his right knee on
23
24
25

1 suspect's shoulder and took his right arm to further restrain the suspect. Appellant Sessman
2 can't see his partner so shouts out to his partner that he is okay and Sessman gets on the radio
3 and initiated emergency radio traffic. Appellant Sessman took suspect's left arm and finished
4 handcuffing him. Appellant Sessman felt it was more important to subdue suspect than to
5 wait the 2-3 minutes for back-up due to the risks Appellant Sessman thought this situation
6 would present. No one discussed tactical issues with Appellant Sessman in a debriefing nor
7 was Appellant Sessman sent to additional training after the incident. Prior to this incident
8 Appellant Sessman testified that he has never been disciplined for any foot pursuit or tactical
9 violations. Appellant Sessman testified that initially he never discussed setting up a
10 containment for the suspect. Appellant Sessman testified that there was nothing in the
11 Department's policy that a deputy can't pass a stopped vehicle when involved in a foot
12 pursuit. Appellant Sessman testified that once he had the suspect in custody, he was no longer
13 in visual contact with his partner, Deputy Tien. Appellant Sessman testified that he
14 acknowledged for the first time that he was technically involved in a foot pursuit but not in
15 violation of the foot pursuit policy. Appellant Sessman testified that his actions during this
16 incident were not all bad but there was room for improvement. Appellant Sessman testified
17 that he was trained in foot pursuit policy prior to this incident. Appellant Sessman further
18 added that he would have done things differently and gotten onto his radio to request back-
19 up if this situation happened to him again. Appellant Sessman never considered a tactical
20 retreat for this incident due to having cover from the pillar. Appellant Sessman also admitted
21 that when he was subduing the suspect that he wasn't unable to see Deputy Tien. Sessman
22 added that his understanding of the Policy and Procedures of the Department were merely
23 guidelines when doing their job.
24
25

TESTIMONY OF SERGEANT JEFF HAMIL

Sergeant Jeff Hamil, (Hamil), has been with the Department for thirty years. Various assignments include Custody, Patrol, Narcotics. In 2011 while assigned to Internal Affairs Bureau, which includes the administrative portion of a Deputy involved shooting. Hamil stated that he responded to location of Appellant Sessman's involvement in the shooting on June 22, 2013 to gather information. Hamil began shooting review and investigation once the D.A. give him clearance to do so. Hamil gave a summary of the facts he gathered regarding the subsequent traffic stop and foot pursuit of the fleeing suspect while Deputy Tien remained with patrol vehicle keeping the driver and the other passenger at bay. The suspect falls and faces Appellant Sessman. Appellant Sessman sees the suspect reach into his waistband where he has a weapon. Appellant Sessman fires several rounds and the suspect gets up and starts to run again. Appellant Sessman takes cover behind a pillar, suspect reaches again to grab his weapon from his waistband, Appellant Sessman fires several more rounds as the suspect falls face down with the suspect's hands underneath his body looking at Appellant Sessman. Appellant Sessman approaches the suspect and contains the suspect. Appellant Sessman radioed for assistance at that point. Hamil stated that the distance from Appellant Sessman's vehicle to where the suspect was contained was 104 feet. Hamil further stated that Appellant Sessman had been involved in two prior officer-involved shootings where Appellant Sessman did not receive any disciplinary action taken against him. Hamil stated that Appellant Sessman had acted lawfully in self-defense regarding the shooting of said night with regards to the homicide investigation. Hamil further mentioned that Appellant Sessman and Deputy Tien had discussed this type of scenario prior to making this traffic stop. Hamil reviewed Foot Pursuit Evaluation Form. Hamil stated that although Deputy Tien

1 could not see Appellant Sessman, Appellant Sessman could still see Deputy Tien if Appellant
2 Sessman would have turned his head but chose not to as Appellant Sessman's focus was on
3 the fleeing suspect. Deputy Tien told investigators that his focus was on the stopped vehicle.
4
5

6 **TESTIMONY OF COMMANDER RALPH WEBB**

7 **Commander Ralph Webb**, (Webb), has been with the Los Angeles County Sheriff's
8 Department for thirty-five years. Currently assigned to East Patrol Division for three years
9 as Commander as well as a Tactical Commander. Webb also sits on the Executive Force
10 Review Committee. Webb testified that the tactics used were not within Department Policy.
11 Webb testified that it was determined that there were safety concerns regarding "partner-
12 splitting." The Executive Force Review Committee was unanimous and agreed to give
13 Appellant Sessman a suspension of ten days for violations regarding Performance to
14 Standards and Obedience to Laws, Regulations, and/or Orders specifically pertaining to Foot
15 Pursuits. Webb testified that they took into consideration several mitigating factors such as
16 Appellant Sessman's intention to do good proactive police work. Appellant Sessman's past
17 performance that Appellant Sessman had no prior incidents. Truthfulness in both his
18 Homicide and Internal Affairs interviews. Any discrepancies, Webb testified that there were
19 other mitigating factors taken into account due to a time lag between interviews. Severity of
20 Infraction which resulted in a death. Webb testified that he felt that there was a premeditation
21 of the violation of "Foot Pursuit" policy and the other Commanders commented on this as
22 well as this to Webb. Webb added that Appellant Sessman put himself into a potential
23 crossfire situation the moment he went past the stopped vehicle with the driver and the other
24
25

1 passenger still inside. This area of known as a "kill zone." When reviewing Exhibit 4, Webb
2 testified that he believed that Appellant Sessman violated the rules, regulations, or policies
3 of the Department or County. A violation of the Foot Pursuit Policy where it became a Single
4 Deputy Foot Pursuit and Tactical Incidents. There was no containment, control,
5 communication, and didn't know if there was a contingency plan. Webb further state that
6 Appellant Sessman failed after the initial shooting to radio for help, back-up, or helicopter.
7 Webb felt that Sessman should have maintain behind the pillar and wait for back up.
8 Appellant Sessman continued to take independent actions to approach the suspect. Webb
9 testified that there were other opportunities and options for Appellant Sessman to have
10 contained this situation differently with just a click of his radio. Webb testified that
11 approaching a downed suspect with his hands not in view was not the best tactics to use. The
12 Watch Commander was not given the opportunity to cancel the foot pursuit due to no radio
13 broadcast from either Deputy, Webb mentioned. Webb asked what was the reason for a chase?
14 What violation did the suspect do except get out and run? Instead of making a tactical retreat
15 after the first shooting, Webb said that for a Deputy fearing for his life, Appellant Sessman
16 continued to advance on the suspect to close the distance made it hard for him to "square" as
17 Appellant Sessman has put himself into two kill zones. Webb mentioned that even months
18 after the foot pursuit incident, Appellant Sessman, with the benefit of counsel, still failed to
19 recognize that he was involved in a foot pursuit and that was disconcerting to Webb. Webb
20 believed that Appellant Sessman did violate the one-person foot pursuit policy and explained
21 the difference between the discipline that Deputy Tien and Appellant Sessman received with
22 regards to culpability of the incident.

TESTIMONY OF MICHAEL HARDING

Michael Harding, (Harding) has been with the Los Angeles County Sheriff's Department (Department) for over 29 years. He has held his current rank of Sergeant since early 2003. From 2006 until currently, Harding has been assigned to Training Bureau, Tactical and Survival Training Unit. In the position of supervisor and sergeant of tactics and survival. Harding is the Department's subject matter expert in the use of firearms, less lethal weapons, tactics, active shooter, as well as a member of the Critical Incident Committee as part of the Department's subject matter experts from the Training Bureau.

Harding testified that the deputies are taught policy and guidelines in their basic Peace Officer Academy training as well as patrol school where they are taught how to deal with tactical incidents. Harding also testified that there is continued professional training as well once the deputies are in the field. Sergeant Christine Roam (Roam) presented Harding with a hypothetical scenario where at 9:45 p.m. where in the city of La Puente, a two-manned patrol vehicle witness a dark Buick fail to make a complete stop at a stop sign and the deputies initiate a traffic stop. The passenger deputy tells his partner that he believes a passenger is going to run from the vehicle. The front passenger door opens and the front passenger exits the vehicle before the car comes to a complete stop. The "bookman" deputy is out of the patrol vehicle and begins running after the front male passenger. Harding testified that deputies are trained to make a choice to pursue on foot those they believe had committed a crime. Harding also testified that deputies that are partnered together would discuss a number of hypothetical scenarios and how they might handle them is encouraged. Harding further testified that unless there was some compelling reason do so, the Department would want the partners to stay together because they are much more effective in dealing

1 with a situation, especially that had multiple suspects. The actions of the Appellant were
2 inconsistent of how they are trained Harding testified. They are trained not to pass potential
3 threats such as the stopped passenger vehicle in this scenario. Harding also testified that he
4 considered Appellant Sessman had engaged in a foot pursuit, there was no policy that
5 expressly prohibits the practice. Harding further testified in his opinion, that losing sight
6 of your partner would constitute "partner splitting." Harding considered the competing
7 priorities a "tactical dilemma." In addition, Harding opined that since the driver deputy did
8 not see his partner at a certain point when the shots were fired which led Harding to believe
9 that there was some sort of obstacle in the way and if that was the case, per policy, that partner
10 splitting occurred and Appellant Sessman should have stayed at his cover radioing for
11 backup. For this hypothetical, Harding opined that the department would have preferred their
12 deputies to have chosen more prudent tactics and not having Appellant Sessman put himself
13 at a tactical disadvantage. On cross examination Harding testified that the deputies are not
14 trained to pass a suspect vehicle but deputies in some instances, are trained to pass by a
15 potential vehicle and should use good tactics and judgment to ensure there isn't a threat posed
16 by the occupants.
17

18 19 TESTIMONY OF ROY BURNS

20 **Roy Burns**, (Burns) is a rebuttal expert witness, in foot pursuits, having served with the Los
21 Angeles County Sheriff's Department for roughly 30 years. He retired approximately 6 years
22 ago from the Department. Had experience as an instructor in tactics, foot pursuits, and use
23 of force. Worked as an instructor at Laser Village. Burns believed that he trained Sgt.
24 Harding who had testified earlier. Burns testified that he was one of the primary authors of
25

1 Department's Foot Pursuit policy. Burns stated that an officer can pursue a suspect that flees
2 from a vehicle that has been pulled over for a traffic stop if they believe there is reasonable
3 suspicion. Burns testified that there is no Department policy against "partner splitting" to
4 apprehend suspects. The chasing officer must follow protocols involving the one officer foot
5 pursuit. Burns opined even losing sight for 2-3 seconds of each other partner, does not qualify
6 as "partner splitting". Tactics are flexible but Department Policy is inflexible with its
7 guidelines. Burns believed that the actions of Appellant Sessman to approach the downed
8 suspect to contain him was based upon that the individual was armed and would pose a threat
9 to him, Appellant Sessman's partner, and the community at large and was necessary to
10 remove the suspect entirely from the equation. Tactical training dictates to avoid "kill zones"
11 but sometimes the events change and can't be avoided. Burns felt that preplanning reduces
12 lag time in how to behave or perform during a situation or encounter. Burns mentioned that
13 preplanning occurs with other Sheriff's Deputies. Burns believed that the tactics employed
14 may have been improved on but the end results were good. Burns testified that he believes
15 that a tactical dilemma does not violate the Department's Foot Pursuit policy.

16 DISCUSSION

17
18 Per the Department's policy, the definition of a foot pursuit is an attempt by a
19 Department member to follow or track, on foot, a fleeing suspect who is attempting to avoid
20 arrest, detention, or observation.

21 Per the Department's policy, the definition of partner splitting during a foot pursuit
22 occurs when the loss of visual contact, distance, or obstacles, separates partners to a degree
23 that they cannot immediately assist each other should a confrontation take place.

24 The Tactical Incident code briefly defines that Department members shall be guided by sound
25 tactical principals when involved in any tactical incident. The tactics employed by Department

1 members shall be governed by applicable Department policies, accepted training practices, the
2 exigency of the circumstances, and the application of sound judgment and common sense.

3 The Department argued that Appellant violated the rules involving "Tactical Incidents",
4 "Partner Splitting" and Foot Pursuits. The Employee Training Data for Appellant Sessman
5 produced during the hearing showed that Sessman had several sessions of Pursuit Policy
6 Training that should have helped him make alternate choices, rather than the one he took
7 during this incident. From the Foot Pursuit Evaluation Form, Appellant Sessman put himself
8 in the line of fire or known as a "kill zone", when he continued his chase and ran by the
9 remaining passengers in the stopped vehicle which exposed him to a possible threat of lethal
10 force used against him. Deputy Sessman could have remained behind cover, radioing for
11 assistance and containing the suspect from his position instead of advancing. The
12 Department's position was absent a compelling reason; a deputy should make a lone
13 approach of an armed suspect. Sessman had taken TAS training where this scenario has a
14 suspect playing possum with a gun underneath with his hands out of view of the deputy.
15

16 The Appellant made arguments that scenario-based training, Laser Village are good but still
17 doesn't consider the "real world" actions that change how to react in a non-static way.

18 During the hearing, the Appellant conceded that he was technically involved in a foot pursuit.
19 He also believed that policies and procedures are guidelines for deputies to follow and not
20 rigid in nature. If confronted with the same situation, the Appellant believes he would do
21 things differently.

22 **Are the allegations contained in the department's letter dated September 9, 2015, true?**

23 The allegations in the department's letter dated September 9, 2015 are true.
24
25

1 If any or all are true, is the discipline appropriate?

2 Department Guidelines for violation of policy provides a range of discipline:

- 3 • Section 3-01/030.10, Obedience to Laws, Regulations, and Orders; Specifically
4 pertaining to 5-09/220.50, Foot Pursuits – States in part that Members who violate
5 any rules, regulations, or policies of the Department or County, shall be subject to
6 disciplinary action. The commission or omission of any other act contrary to good
7 order and discipline shall also be the subject of disciplinary action. - The Discipline
8 range for this violation is a written reprimand to three days.
9
- 10 • Section 3-01/030.10, Obedience to Laws, Regulations and Orders; Specifically
11 pertaining to 3-10/150.00 – Tactical Incidents - The Discipline range for this
12 violation is a written reprimand to discharge.
13
- 14 • 3-01/050.10 Performance to Standards - The Discipline range for this violation
15 is a written reprimand to discharge.
16

17
18 The disciplined levied in this matter is reasonable, in accordance with Manual of Policy
19 and Procedures and supported by investigative findings, as well as testimonial and
20 documentary evidence. Taking into account mitigating factors such as Appellant's work
21 performance, discipline history, and truthfulness were counter-balanced by the
22 Appellant's departure from Department standards that could have possibly placed both
23 reversal or reduction of the imposed discipline is not warranted.
24
25

FINDINGS OF FACT

1. On January 7, 1998, Appellant was hired by the Los Angeles County Sheriff's Department in the position of Deputy Sheriff [REDACTED]

2. Events of June 22, 2013 where Deputies Sessman and Tien at 2147 hours conducted a traffic stop on Loukelton Street after noticing a grey Nissan Altima fail to stop at stop sign.

The front passenger ran out of the car with Appellant Sessman giving chase. Deputy Tien remained at the patrol vehicle and detained the driver and another occupant of the Altima. The suspect tripped and fell. When the suspect attempted to get on his feet, Appellant Sessman noticed the suspect reaching for a stainless-steel handgun in the suspect's waistband. Fearing for his safety, Appellant Sessman fired several rounds. The suspect got up and started running west on the sidewalk while reaching for his waistband. Appellant Sessman took cover behind a brick post as the suspect turned to Appellant Sessman's direction and reached for the handgun in his waistband. Fearing again for his safety, Appellant Sessman fired two to three shots at the suspect, striking him. The suspect ran a short distance and collapsed. Appellant Sessman handcuffed the suspect and initiated a broadcast of a "Deputy involved in a shooting." The suspect was transported to Los Angeles County/USC Medical Center where he was pronounced dead.

3. On March 31, 2015 Appellant was issued a Letter of Intent indicating a suspension without pay from his position of Deputy Sheriff.

- 1 4. On September 9, 2015 Appellant was issued a Department letter containing
2 notification of being suspended without pay for ten days.
- 3 5. Appellant's PPI indicates that Appellant received a ten-day suspension for
4 violations of 3-01/030.05: General Behavior, 3-01/030.10/A Obedience To
5 Laws/DUI
- 6 6. During the last day of testimony, Appellant Sessman admitted that when he was
7 subduing the suspect, he wasn't able to see his partner, Deputy Tien thereby
8 establishing that he did engage in "Partner Splitting."

9 **CONCLUSIONS OF LAW**

- 10 1. The Department has met its burden in proving that the allegations contained in its letter
11 of September 9, 2015, are true.
- 12 2. The Department has met its burden in proving that the discipline is appropriate and in
13 accordance with County policy.

14 **RECOMMENDATION**

15 The imposed suspension is supported by the testimony and documentary evidence
16 provided during the Civil Service Hearing.

17 In this instance, Appellant did violate the Los Angeles County Sheriff's Department
18 Policy and the discipline imposed is reasonable and in accordance with County guidelines.
19 Therefore, it is respectfully recommended that the Department be sustained in this matter.
